

National Computer Symposium 2017 (NCS 2017)

14-15 December, Hualien, Taiwan

Workshop on Programming Languages and Software Engineering (程式語言與軟體工程) Call for Papers

Goal of the Workshop:

The 2017 Workshop on Programming Languages and Software Engineering intends to provide a forum for researchers, educators, and professionals to exchange their discoveries and practices. The workshop also explores future trends and applications in these areas and other related areas. Your Participation at the workshop would be an excellent opportunity for you to meet other researchers and to discuss the technology advancements.

About the Workshop:

The workshop will be held in Hualien, in conjunction with NCS 2017. All relevant dates, location and travel information are available from the NCS 2017 conference site:

<http://ncs2017.ndhu.edu.tw/>

Topic of Interest

Areas of interest include, but are not limited to, the following topics:

- Interaction of compilers with underlying system
- Novel programming models
- Memory management
- Semantic methods of program analysis
- Service oriented architecture
- Agent oriented software engineering
- Requirement engineering
- System analysis and design
- Software process
- Software reuse
- Software reliability
- Software testing and evaluation

Paper submission guidelines:

Before submission, authors should carefully read over the submission guidelines. All

papers must be submitted in an electronic format according to the workshop proceedings style. All relevant paper format, requirements, and date are available from the NCS 2017 conference site: <http://ncs2017.ndhu.edu.tw/>
